Vivabox, a Sodexo company (www.vivaboxusa.com) combines the gift of experience with the gift of choice. First, recipients get an immediate "taste" of their experience through the items in the box they receive. Then, the gift recipient selects the second half of their gift by redeeming a gift card included in their themed gift box.

You choose the theme, your recipient tries the samples and then *your recipient* chooses the gift. Vivaboxes are perfect for the hardest of people to shop for because you're really letting them choose exactly what they want. It's the perfect 'out of the box' Mother's Day gift idea.

There are 8 different vivabox themes available, including gourmet food, wine, and tea. Don't dispair, not only is vivabox giving away a free gift to one lucky mom, they're also offering 25% off all vivaboxes until Mother's Day (with the exception of the fragrance box). **Please remember to get your order in by May 6th if you want your special gift to arrive in time for Mother's Day!** But no fear, your mom will appreciate a vivabox any day of the year!
